CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

County Government Study Group, Suggestions Being Considered

State Senator Jerry Thomas, spokesman for the Palm Beach county legislative delegation, had some kind remarks to make about the Palm Beach county Governmental Study Commission on Monday of this week.

The committee recently made its report following many months of ardent study of county governmental operations. Recommendations made by the committee met with approval of many outstanding citizens and county officials but others were opposed to several of the ideas put forth by the group.

The study commission recommended the creation of a county administrator who also would act as a budget commissioner and have full authority over the administrative and budgetary operations of the county. It was this recommendation that met approval of some and was objected to by several.

State Senator Jerry Thomas termed the study "excellent" and said he was confident that a number of the recommendations will be enacted by the legislature.

"The study's overall findings will result in more efficiency and tax savings for the people of the county," he added.

State Representative Donald Reed of Boca Raton said he is concerned about such a position and would want the areas of responsibility closely defined so that the proposed official "doesn't take over making policy."

Reed also said the report requires some further study in order to get the public's view.

Com. Fremd Graduated Staff College

NORFOLK, VA.—Navy Commander Harry L. Fremd, son of Mr. Albert F. Fremd of Canal Point, Florida, was graduated from the five-month course of study at the Armed Forces Staff College, Norfolk, Va.

The college, operated under the Joint Chiefs of Staff, was established in 1946. Officers selected by their parent service to attend, are prepared for future assignments at which more than one nation or military service is represented.

The areas of study include national defense characteristics and organizations, and utilization of armed forces, including command relationships. The Staff College offers its students an active guest speaker program, with high ranking military and civilian officials coming in several times each week to lecture.

Ambassador W. Averil Harriman delivered the primary graduation address to the officers and their wives.

A graduate of the University of North Carolina, Chapel Hill, N.C., Commander Fremd entered the service in March 1956.

Hospital Aux. Attends To Many Duties

Mrs. Marjorie Laks, president, presided at the January meeting of the Woman's Auxiliary of the Everglades Memorial Hospital held in the dining room of the hospital Tuesday night, with Mrs. Alice Ramey acting as secretary in the absence of Mrs. Nola Nagler.

Mrs. Judy Walker announced that anyone needing an Auxiliary Badge may obtain it from her, the cost being 75 cents, and name-plate pins may be obtained from Mrs. Fay Ursry.

Mrs. Ursry reported that the books, entitled "Baby's Precious Moments," started January 1, are being presented free of charge to the parents of every infant born in the Everglades Memorial Hospital. She announced, with regret, that because of conflicting interest she is having to give up the supervision of the Auxiliary's Gift Shop in the hospital lobby, at least temporarily, and that Mrs. Joan Herick is taking over the chairmanship duties of this project.

Mrs. Ramey reported a total of \$69 in donations for Christmas decorations at the hospital during the holiday season from various individuals, each of whom has received a personal note of appreciation from the Auxiliary.

Chairman Edythe Smith announced plans for an Auxiliary Membership Tea on February 25, members to wear their uniforms to this tea, and inform Mrs. Smith in advance as to the number of guests they are planning to bring.

Mrs. Herick had on display a unique kangaroo puppet and explained how they are made. It was decided that the Auxiliary assume as a project the making of several of these puppets to be presented to the children in the Pediatrics Department for their entertainment while they are patients and as gifts to take home. Mrs. Ramey was named chairman of this special project. Mrs. Sheila Ames and Mrs. Billie Shirley volunteered to assist her.

Mrs. Ursry announced that Pahokee Rainbow Girls who serve as Candy Strippers will be given one-point credit in their Rainbow Service Program for each hour they serve at the hospital.

President Laks appointed at the meeting chairman to be in charge of arrangements for the Auxiliary Dance which is being planned for the near future, the date to be set later.

Mrs. Carol McIntosh will serve as general chairman of the dance; Miss Faith Sasser, music; Mrs. Ames, Mrs. Herick and Mrs. Ramey, decorations; Mrs. Barbie Rosenberg and Mrs. Linda Ter Haar, tickets; Mrs. Ramey and Mrs. Eloise Unwin, publicity.

Volunteers are still needed to serve on the food committee and the door prize committee for the dance. Anyone willing to serve in this capacity is asked to contact

U. S. Sugar Corp. To Aid Pahokee Civic Building

Harry T. Vaughn, president of the United States Sugar Corporation, has announced that his concern is ready and willing to assist the City of Pahokee and its civic organizations in building "any type facility residents desire."

Mr. Vaughn said Pahokee is the closest municipality to the company mill at Bryant, hereby qualifying Pahokee for some assistance in its efforts to acquire such a facility.

The sugar company wishes for the City of Pahokee to furnish land on which the facility is to be built.

Already the huge sugar concern has erected some facilities in Clewiston—home office of the U. S. S. Corp.—and Mr. Vaughn said that Pahokee "is entitled to something and we intend to do something for workers who reside on that side of the lake."

A local committee will study the company's offer and come up with a request soon. A library has been mentioned as a possible request.

Youth Building Gets Backing Several Groups

The Pahokee Lions Club, with the help of some other local organizations, the Rotary Club, Elks Club and Chamber of Commerce, are planning the construction of a building on the northwest corner of their lot to face East Main Street, known as the W. A. "Pop" Reynolds Youth Building.

The building which will be 20 ft. by 40 ft. will not be a youth center but a youth building. It will be available for use by organized youth groups and their organized activities. The cost of the building will be over \$5,000 and will have an assembly room, storage rooms plus rest room and shower facilities.

The Lions Club plus the other three organizations will welcome any donations, labor, money or materials, toward the building. Considerable donations have already been made.

Construction is to be started in the near future with the date announced later. The Lions Club has approved the project and the architect's drawing to provide for the above facilities.

The planning committee selected to work on the plans for the new building are J. S. Atkins, M. I. Keen, A. J. Gamot, Sr., Duncan Padgett, and Kyle Scott, Lions Club; Robert McIntosh, George Tucker and A. E. Funderburk, Elks Club; and Earl Meredith and Joe Alderman, Jr., Chamber of Commerce. The bids will be received in the office of K. C. Mock and Associates in West Palm Beach.

Officially the bids are being sought on "Site Development and Camper's Facilities," as the beginning of the park which is to run from a location on Bacom Point North to the City of Pahokee Boy Scout Camp.

Much preliminary work has been done by the Park Service and the City of Pahokee. The City has guaranteed a certain amount of cash to assure that water and garbage facilities are made available for the new park. The "Florida Park Service" is proposing that an amount in excess of \$100,000.00 is to be made available for the first increment of construction.

He will be joined by Rev. John Davenport of the Northeast Methodist Church in Tampa who is a noted singer-evangelist who has been to Pahoee twice before. Rev. Davenport has a color chalk program in which he uses a colored lighting effect with a black background and fluorescent chalk to illustrate the evangelistic theme of the evening with chalk drawings in many colors.

There will be a 7:00 a.m. program for the youth every morning, Monday through Friday. There will also be a 10:00 a.m. service for anyone who wishes to come during that hour each morning. The evening services will start at 7:45 p.m.

They are assigned to a regular classroom for physical education, music and art.

At the present time there are 18 students in this program, more will be added from time to time. Many of these students will be able to return to regular classroom work within a reasonable time.

Mrs. Ellen Yates has been employed to teach in this special program. This program has been needed for some time and now along with corrective reading and speech therapy the total school program will be greatly helped.

Rev. Carlton Evangelist For Methodist Meet

The Canal Point Methodist Church joins the 600 other Methodist churches of Florida in a nationwide program, "Venture In Faith," beginning Sunday, February 5 and lasting through Friday night, beginning at 7:30 p.m. nightly. The Methodists are "one people" with an earnest concern and interest in all people who are in need. This includes the physical, mental and spiritual aspects of life.

The local Methodist Church is fortunate in having one of Florida's outstanding young ministers to lead the services and bring the gospel message—the Rev. George H. Carlton.

Rev. Carlton comes from a pioneer family of Florida, including preachers, governors and cattle raisers. The Carltons are also included in the great industry of citrus groves. Rev. Carlton is the present pastor of the First Methodist Church in Haines City, Florida. He received his education in the Florida public school system, Florida Southern College and Emory University. He is recognized as one of the outstanding gospel preachers among the Methodists.

It was presented for the years 1964-66 for the Club's support of the sewer system which was being installed in Pahoee at that time.

Mrs. E. C. Johnson had sent a report in on the sewer system and how the Woman's Club had backed the new improvement.

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS

Junior College Teacher Exam March 18th

College seniors who expect to teach in Florida in the fall will be among those interested in a National Teacher Examination to be given March 18 at Palm Beach Junior College, according to Elbert E. Bishop, PEJC registrar.

A passing grade on the examination is mandatory for certification in Florida.

"Teachers new to Florida, and others who for one reason or another have not passed the examination will also be interested," Bishop said.

At the one-day session, a candidate may take the Common examinations, which include tests in Professional Education and General Education, and one of the 13 Teaching Area Examinations, which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Information may be obtained from Bishop, or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, New Jersey.

Now— U. S. Savings Bonds Pay More Interest 4.15% when held to maturity

Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to dedicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."
